

WE ARE YOUR MASTER KEY FOR ITALY

Our experience begins in 2015 throughout Florence and Tuscany with the identification of hotels, restaurants, beaches, museums and accessible itineraries.

Since 2015 we have welcomed people with physical, sensory and intellectual-relational disabilities, organizing:

- Art and Culture holidays or at the seaside, in hotels or residences;
- Tour of Tuscany (Florence, Siena, Pisa) for individuals and groups;
- Food and wine experiences.

The Plus Planet services met over the years the favor of our customers, who requested new destinations such as Rome, Venice, Naples, Lake Garda, the Langhe.

We extended our offer and we are pleased to show you our first catalog "Accessible Tourism 2019 - Wherever is possible".
